

Global Automotive Powertrain Testing Services Market to Grow At A CAGR Of 9.74% by 2018-2022

“The report covers the present scenario and the growth prospects of the global automotive powertrain testing services market for 2018-2022. To calculate the market size, the report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.”

Global [automotive powertrain testing services market](https://www.radiantinsights.com/research/global-automotive-powertrain-testing-services-market-2018-2022) to grow at a CAGR of 9.74% during the period 2018-2022. Automotive powertrain testing is performed for testing various powertrain attributes, such as powertrain endurance, powertrain performance, powertrain verification, noise, vibrations, and harshness (NVH), emission development, and drivability assessment.

Covered in this report:

The report covers the present scenario and the growth prospects of the global automotive powertrain testing services market for 2018-2022. To calculate the market size, the report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Global Automotive Powertrain Testing Services Market 2018-2022, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors:

- HORIBA
- AVL LIST
- Intertek Group
- FEV Group
- Ricardo

Market driver:

- Rising consumer base and governments' enforcement for upgrading newer emission norms
- For a full, detailed list, view our report

Browse Full Research Report at: <https://www.radiantinsights.com/research/global-automotive-powertrain-testing-services-market-2018-2022>

Market challenge:

- Capital-intensive nature of testing facilities and equipment for powertrain testing
- For a full, detailed list, view our report

Market trend:

- Developing computer and IT-enabled powertrain testing systems
- For a full, detailed list, view our report

Key questions answered in this report:

- What will the market size be in 2022 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

About Radiant Insights, Inc:

Radiant Insights is a platform for companies looking to meet their market research and business intelligence requirements. We assist and facilitate organizations and individuals procure market research reports, helping them in the decision making process. We have a comprehensive collection of reports, covering over 40 key industries and a host of micro markets. In addition to over extensive database of reports, our experienced research coordinators also offer a host of ancillary services such as, research partnerships/ tie-ups and customized research solutions.
