

Salt Reduction Ingredients Market Competition by Manufacturers, Recent Trends and Analysis to 2022

“Global Salt Reduction Ingredients Market is expected to grow at a significant CAGR in the upcoming years as the scope and its applications are rising enormously across the globe. Sodium is widely used as an avital nutrient for the smooth functioning of human body. Sodium intake is mandatory for normal operations of the human body.”

Global Salt Reduction Ingredients Market is expected to grow at a significant CAGR in the upcoming years as the scope and its applications are rising enormously across the globe. Salt, or sodium chloride, helps improve flavor profiles. However, there is growing anxiety about the number of sodium, people consume. Sodium is widely used as an avital nutrient for the smooth functioning of human body. Sodium intake is mandatory for normal operations of the human body. However, extreme intake of sodium causes hypertension and cardiovascular disease. In order to reduce excess sodium content in the body, various sodium-reducing ingredients are added to the food.

World Health Organization (WHO), states that food-containing sodium in excess is known to cause severe health disorders. An average intake of 1500 mg to 2300 mg per day of sodium is considered tolerable. However, based on research it is observed that Americans and Canadians consume about 3400 mg of sodium per day and is one of the major causes of several chronic diseases suffered by individuals living in the region.

Market Segment:

Geographically, this report is segmented into several key Regions, with production, consumption, revenue (million USD), market share and growth rate of Salt Reduction Ingredients in these regions, from 2012 to 2022 (forecast), covering

- North America
- Europe
- China
- Japan
- India

Global Salt Reduction Ingredients market competition by top manufacturers, with production, price, revenue (value) and market share for each manufacturer; the top players including

- Cargill, Incorporated
- Koninklijke DSM N.V.
- Dupont
- Advanced Food Systems, Inc.
- Sensient Technologies Corporation
- Associated British Foods PLC
- Kerry Group

On the basis of product, this report displays the production, revenue, price, market share and growth rate of each type, primarily split into

- Yeast Extracts
- Glutamates
- High Nucleotide Ingredients

On the basis of the end users/applications, this report focuses on the status and outlook for major applications/end users, consumption (sales), market share and growth rate for each application, including

- Dairy Products
- Bakery Products
- Fish Derivatives
- Meat and Poultry
